Pursuant to the Genesis Committee Scheduling Order dated December 22, 2009, staff issues Status Report #2 for the proposed Genesis Solar Energy Project Application for Certification (AFC).

Activity subsequent to Status Report #1, filed on February 1, 2010

The discovery and analysis phase for the proposed Genesis Solar Energy Project (GSEP) continues to proceed forward, and staff anticipates the completion of the Administrative Draft of the Staff Assessment/Draft Environmental Impact Statement (SA/DEIS) by tomorrow, March 2, 2010. Accordingly, joint agency review by our partners at the Bureau of Land Management will commence, and staff anticipates the Genesis SA/DEIS publication and Notice of Availability (NOA) will be filed on March 25, 2010, as indicated in Status Report #1.

As detailed in the previous status report, and articulated to the Committee during the February 16, 2010 Status Conference, work on the GSEP proceeding has involved numerous public workshops, extensive filings and numerous reports filed by all official parties to this proceeding. Due to tomorrow’s administrative draft deadline, staff will provide details of outstanding issues during the Committee’s scheduled March 18, 2010 Status Conference.
