Attorneys for the CALIFORNIA
UNIONS FOR RELIABLE ENERGY
California Unions for Reliable Energy ("CURE") submit this first status report pursuant to the Committee’s December 22, 2009 Scheduling Order. CURE attended the site visit and informational hearing on December 14, 2009. Since the Committee granted CURE’s petition to intervene on December 15, 2009, CURE has participated in all data request workshops and attended a second site visit. CURE also submitted briefs on water policy issues, pursuant to the Committee’s January 7, 2010 Scoping Order and participated in the hearing on January 26, 2010.

CURE is currently evaluating the Application for Certification, Staff’s data requests and the Applicant’s responses to data requests. CURE is working to identify whether further data requests are needed to clarify the proposed project, potentially significant impacts and mitigation measures, and compliance with the Warren-Alquist Act, including LORS. CURE anticipates participating in future workshops in this proceeding.

Dated: February 1, 2010
Respectfully submitted,

/s/
